A History Of English Language Teaching

A P R Howatt

A fascinating history of English language teaching which traces its development from the teaching of English as a second language to Huguenot refugees in Elizabethan London, right up to the origins of today's communicative approach.

An appendix contains the first published translation of Viëtor's famous pamphlet "Language Teaching Must Start Afresh".

Plus chronology and detailed biographical notes.

Introduction To Computer Assisted Language Teaching

M J Kenning and M-M Kenning

A practical introduction to the use of computers in language teaching. This book is essential reading for teachers who want to learn more about the potential of computer assisted teaching methods, as well as those who are already using the new technology in their language teaching.

- * general programming information
- * specific applications of computers to EFL
- * sample programmes
- * glossary of technical terms
- * select bibliography

NEW

Learning Purpose And Language Use

H G Widdowson

A new enquiry into the theoretical nature underlying the teaching of English for specific purposes by an expert well-known in the field of language teaching theory. Professor Widdowson provides a framework that can be used for clarifying current ideas and arguments, and for assessing the effectiveness of practices in this rapidly expanding branch of EFL teaching.
